

Spring SCIENCE SERIES

locations:

THE COMMUNITY LIBRARY
AND MOUNTAIN HUMANE

WEDNESDAYS

6:00 - 7:00 PM

APRIL 17 - MAY 8

4th
annual

Visiting experts deliver exciting and interactive presentations on scientific topics ranging from adaptations, to raptor life cycles, to unique conservation strategies.

This program is offered in conjunction with the ERC's 21st annual Spring Exploration Series which brings scientific experts from across the northwest to all 2nd and 3rd grade classrooms in Blaine County for six weeks – reaching over 500 students in total each year.

SCHEDULE OF EVENTS

Presentations are fun for all ages, FREE and open to the public.
